

Week commencing Monday 25th January 2021

OLI: to find out which material would be the best to use for an umbrella.

We want to find out what would material should Ted use to make his umbrella.

Prediction

I think _____

Method: We covered the pot with different materials. Then we squirted _____ drops of water and watched closely to see if the water came through each material and made Ted wet.

Material	What happened?	Can this be used for Ted's umbrella?

Conclusion: Which material would be best for Ted's umbrella? Why?
