Areas to investigate

KS2 attainment

• In 2017, reading, writing and mathematics attainment of the expected standard was at or above national for groups: middle prior attainment and disadvantaged.

KS1 attainment

• In 2017, attainment in all subjects was above average and in the highest 10% for all pupils.

Phonics in 2017

• The vast majority of pupils (97%) met the phonics expected standard in year 1.

The areas to investigate indicate meaningful trends and issues from the data. These are based upon cohorts of more than ten pupils. Progress trend sentences are based on at least six pupils in each year. Progress and attainment figures based upon ten or fewer pupils will be displayed in grey throughout the report.

| 2016 | School | Floor | Coasting |
|------------------|--------|-------|----------|
| Expected+ RWM % | 80 | (65) | (85) |
| Reading progress | 0.2 | (-5) | (-2.5) |
| Writing progress | -0.7 | (-7) | (-3.5) |
| Maths progress | 2.2 | (-5) | (-2.5) |

Below floor standards in 2016? No

To be above the floor, the school needs to meet either the attainment or all of the progress element.

School coasting in 2016?

The 'coasting' definition covers school performance over 3 years. A school is identified as coasting if:

- in 2014 and 2015, fewer than 85% of pupils achieved level 4 in reading, writing and mathematics and below the median percentage of pupils made expected progress in all of reading, writing and mathematics, and
- in 2016, fewer than 85% of children achieved the new expected standard and average progress made by pupils in reading or writing or mathematics was below the level set against the new primary progress measures (shown in pink above).

Coasting element

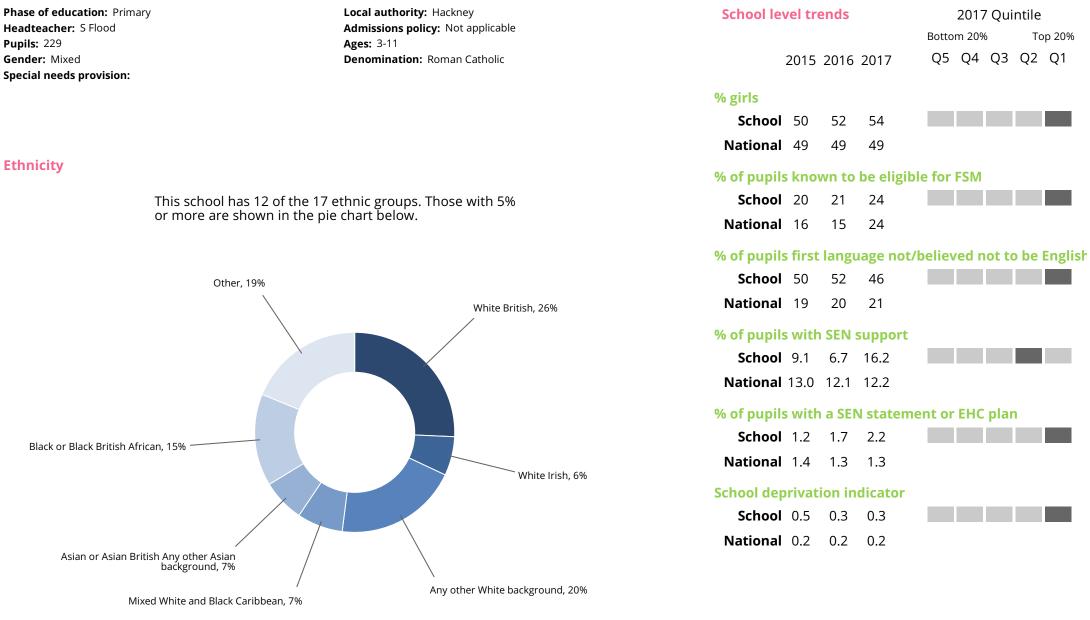

2014 2015 2016

For coasting element definitions see https://www.gov.uk/government/publications/ school-and-college-performance-tables-statementsof-intent
