National "Estimates" are sourced from local authority collection software. "Provisional" and "Final" data is published by the DfE.

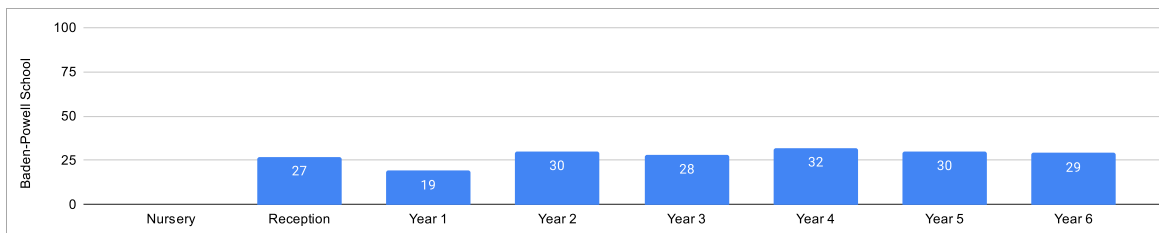

This booklet has been produced in the context of the accountability arrangements outlined by the DfE. In 2021/22 this meant school by school tables were not included, and 'Quartile' placements were added. There are 58 primary schools, so generally each quartile contains 14/15 schools, with quartile 1 the top quartile. This year, in December, the DfE will publish primary assessment data at school level on the performance measures website again for academic year 2022/23, and in response to this, this data booklet reflects this approach, with the return of school by school tables for each key stage.

If you have any questions on this data, please contact Anastasia.Delchanidou@hackney.gov.uk and Ben.Brennan@hackney.gov.uk
