

Thursday 4<sup>th</sup> February 2021 OLI: to experiment with colours and lines to create a planned effect.

For this activity you will need a white piece of paper, oil pastels or colouring pencils and water colours.

Start by listening to the music that I have prepared **EA&D – Music for Art**, ask your child to draw a loud line, a quiet line, discussing how some lines are fast and some are slow.

Once your child has drawn the lines, pause and read the book 'My Many Coloured Day' by Dr Seuss at the youtube link below.

[https://www.youtube.com/watch?v=iRO-5f-L\\_LQ](https://www.youtube.com/watch?v=iRO-5f-L_LQ)

Afterwards, ask your child to pick a calm colour, a sad one, a loud one and combine those with the lines previously drawn.

See the pictures below for ideas of colours/ lines and of the final result.
